GARLIC TASTY

🌶️ Garlic with Chilli – HOT & MILD 🌶️

A Unique Homemade Garlic Treat, Born from a European Legacy

At Danka's Goody, we bring you a one-of-a-kind garlic creation — inspired by a treasured European home recipe developed by none other than Danka, the inventive lady behind the name. Handcrafted with love and tradition, this garlic goody has been a well-kept family secret and up to 2025 prepared only in few homes in Europe and South Africa.

We offer two distinct taste profiles, both packed in 250ml glass jars for freshness:

HOT – Adds a zesty kick for adults who like a little spice in their life.

MILD – Perfect for the whole family — even kids enjoy it!

Danka's Goody redefines the traditional garlic experience. Say goodbye to the harsh, burning aftertaste that garlic is often known for. Our recipe delivers all the benefits of garlic — and more — in a smooth, tasty, and surprisingly pleasant way.
